

My Dragonfly Gardens

Gardening Report

February 10, 2021

Client: 247- Singleton

Property Address: 321 Beacon Pointe Drive
Ocoee, Florida 34761

Service Provided

- Installed plants in front bed – left side only

Good News

- Seedlings are coming up!

Concerns

- There are a lot of small weeds in the front bed that need to be combed through and removed
- The back gardening will need weeding soon

Recommendations

- Front bed needs weeding and more mulch – let us know if you prefer to use Melaleuca instead of pine bark
- On the right side front – an addition of 3 bromeliads into the open space under the palm – let us know what you think about this idea
