

*My Dragonfly Gardens*

# Service Report

July 10, 2021

**Client:** 241 – Jo Hudak  
**Property Address:** 3270 Fink Street, Fruitland  
Park 32163

**Lead Gardener:** Kirsten  
**Serviced by:** Kirsten, Addam, and  
Rayna

## General Condition

The Frogfruit is now looking phenomenal in the front areas. The overall situation with the sides of the Frogfruit is not as good.

## Weeding Rating

Weed rating: 3.5 / Grass rating: 5+

## Service Provided

Weeded the left side of the house of Frogfruit and Twinflower along the way up until the trellis.

## Good News

- Dune Sunflowers look amazing and are flowering well.
- There is plenty of reseeding everywhere!
- The Frogfruit in the front looks so much better than what it once was.

## Concerns

- Grass encroaching along sides of the property.
- Watering may still be an issue.

## Recommendations

Victor, Kirsten, and the client need to discuss the grass issue to find alternatives.
